March 2011

II FRONT YARD SET BACK TREE REMOVAL REQUEST

Date: 1/26/11

Requested by: William Faulding

Address: 200 E. Constance Ave., Santa Barbara, CA 93105

Location of Tree: 200 E. Constance Ave.

Tree Species: Acacia decurrens Common Name: Green Wattle

Zoning/Setback: E – 1 Zoning 30' Setback

Reason for Removal: Unstable and dangerous.

Proposed Replacement: Yes \boxtimes No \square

Advisory Committee Recommendation: Approve Removal: Deny Removal:

Staff Recommendation: Approve Removal: Deny Removal:

Date Posted: 3/14/11

Comments: The Committee recommends that the Commission deny the removal. The Committee recommends that the tree be pruned to preserve the structural integrity. Staff determined the pruning should include weight reduction and thinning. The Committee recommends an adjacent Acacia tree be removed because it has poor structure and is leaning on the tree that removal is requested. These measures will allow more sun for an adjacent Oak tree. Once the Oak grows the removal of the Acacia will not be as much of an impact to the neighborhood.
